HOW IT WORKS

You must purchase your Participating Product from Breville.com or a Participating AU Retailer. The 25% discount applies to beanz.com orders, whether via subscription or at your convenience. Beanz.com subscription orders include free shipping and flexible delivery schedules. You may start, stop or modify a beanz.com subscription at any time by going to your Account.

- **If you purchase a Participating Product from a Participating AU Retailer** on or after July 30, 2026, retain your original Proof of Purchase.
- **Register your product** within 30 days of your purchase at <https://www.breville.com/en-au/product-registration>. There you will create a Breville account and register your Participating Product. You will be asked to upload a copy of your receipt, and provide information necessary for us to ship them to you. When you complete the process, you will receive an email confirming your registration. You should then hear from us within 5 days confirming your approval.
- Once approved, we will send you the complimentary 1 kg bag of coffee beans from beanz.com and your applicable Bonus Gift. You then begin to receive 25% off your beanz.com purchases, whether you opt for a subscription or purchase at your convenience. **To receive your discount on beanz.com, you must be logged in with the same email address used to register your Participating Product** and your discount will be automatically applied at checkout. You will also be able to track your progress, see your transaction history and more in your Breville account.
- **If you purchase a Participating Product direct from Breville on or after July 30, 2026**, if you are already a beanz.com customer, it is **critical** that you use the same email address already on record with beanz.com when you purchase your Participating Product. There is no obligation to purchase from beanz.com or otherwise participate in the Promotion. You will also be able to track your progress, see your transaction history and more in your Breville account.
- **If you receive the Participating Product as a gift**, you may register using either an original or gift receipt. Please note that only one (1) registration per Participating Product is permitted.
- **If you are an existing beanz.com customer with an active coffee subscription** and have successfully registered your Participating Product, the 25% discount will be applied automatically to future orders, be they subscription or otherwise. It is critical that you use the same email address on record with beanz.com when you register your Participating Product if you wish to have these subscription orders automatically discounted.

- All participants will have a purchase period ("Purchase Period") of 36 months from the date of your approval confirmation email to place beanz.com orders that enjoy the 25% discount, subject to the Cap.
- Coffee prices are subject to change without notice. Your 25% discount will be applied to the then-current full retail price as shown on beanz.com. For the avoidance of doubt, if a coffee you choose is on sale at 10% off, you will receive a discount of 25% off the full retail price, not the sale price.
- Free shipping applies to subscription orders or to one-time orders of greater than \$49 (before discount and taxes). Standard shipping charges apply to one-time orders under \$49.

If you purchase more than one Participating Product during the Promotional Period, you may register each product in the Promotion. The Cap applying to your coffee beans purchases will be the sum of the Participating Products' individual Caps. Your Purchase Period will be measured from the date of the latest purchase or your original Purchase Period, whichever is longer.
