CLI-MATE RECOMMENDS SAFETY FIRST

At Cli-Mate we are very safety conscious. We design and manufacture consumer products with the safety of you, our valued customer, foremost in mind. In addition we ask that you exercise a degree of care when using any electrical appliance and adhere to the following precautions.

IMPORTANT SAFEGUARDS

READ ALL INSTRUCTIONS BEFORE USE AND SAVE FOR FUTURE REFERENCE

- All components need to be installed in accordance with the user manual instructions for correct performance of unit.
- This appliance should be used in conjunction with a safety switch.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- Children should be supervised to ensure that they do not play with the appliance.
- Do not use appliance for other than intended use.
- Do not disassemble, repair or re-form the unit, it may cause injury, fire or other malfunctions. A qualified service agent must make all service adjustments. Unauthorised disassembling of the product will void the warranty.
- Unplug from outlet when not in use and before cleaning. Never plug in or unplug unit with wet hands.
- Do not use unit outdoors or expose to greasy or damp environments.
- Keep the rear air inlet and outlet free from air blocking materials such as clothing, plastic bags or papers. Air flow is required for the unit to operate effectively.
- Place unit on a flat location at least 30cm from wall or other appliances.
- When the unit is in operation, keep all body parts, jewellery, hair and loose clothing away from the openings
- Unit must be placed on a stable flat surface to reduce possible excessive vibration and noise.

- Keep the unit away from fire, flammable gas, combustible products or vapours, and corrosive substances.
- Do not operate the unit without filters.
- When transporting the air purifier, always hold the handles on the side of the unit.
- To protect against fire, electric shock and personal injury, do not immerse cord, plugs, or appliance in water or other liquid.
- Do not place on or near a hot gas, electric burner or heating appliance.
- Check voltage to be sure that the voltage indicated on the nameplate agrees with your voltage.

IMPORTANT SAFEGUARDS FOR ALL ELECTRICAL APPLIANCES

- Unwind the power cord fully before use.
- Do not let the power cord hang over the edge of a bench or table, touch hot surfaces, or become knotted.
- To protect against electric shock do not immerse power cord, power plug or appliance in water or any other substance.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

- Children should be supervised to ensure they do not play with the appliance.
- It is recommended to regularly inspect the appliance. Do not use the appliance if power cord, power plug or appliance becomes damaged in anyway. Return the entire appliance to the nearest authorised Cli-Mate Service Centre for examination and/ or repair.
- Any maintenance other than cleaning should be performed at an authorised Cli-Mate Service Centre.
- This appliance is recommended for household use only. Do not use this appliance for anything other than its intended use. Do not use in moving vehicles or boats. Do not use outdoors. Misuse may cause injury.
- The installation of a residual current device (safety switch) is recommended to provide additional safety protection when using electrical appliances. It is advisable that a safety switch with a rated residual operating current not exceeding 30mA be installed in the electrical circuit supplying the appliance. See your electrician for professional advice.

WARNING

Fully unwind the cord before use.

COVERAGE AREA	up to 10m ²
REPLACEMENT FILTER	CLI-AP10-RF

AIR PURIFICATION SYSTEM

MODEL	CLI-AP10-W
PRODUCT DIMENSIONS	L 200 x W 200 x H 180mm
NET WEIGHT	0.8 kgs
COVERAGE AREA	up to 10m ²
REPLACEMENT FILTER	CLI-AP10-RF

OPERATION INSTRUCTIONS

1. Locate a flat stable location with close access to a power point. Make sure there is at least 30cm between unit and wall or other appliances.
2. Connect one end of the USB cable into the AC adapter and the other end of the USB cable into the USB port at the back of the unit. The unit can also be powered by plugging it into a computer USB port.
3. Plug power adapter into appropriate electrical outlet.
4. Press power switch to turn on. The LED light will illuminate, the fan will start running and the unit will start purifying the air.
5. Press power switch again to turn off LED light and again to switch the unit off.

Aroma

To add fragrance, turn off unit and lift off the lid. Remove aroma cup and add 2-3 drops of aroma oil onto the sponge (Fig 1).

WARNING

It is recommended that asthma sufferers or those sensitive to fragrances should avoid adding aroma oils to the water as it may act as an irritant. Some fragrances may cause allergic responses in some people.

Change Filter

The filters used in this Cli-Mate air purifier are not designed to be cleaned, washed, or otherwise reused.

The life span and duration of the filter depends on the quality, surrounding environment and how often it is used. Regularly check the filter. If heavily soiled it should be replaced.

To replace the filter, turn off unit and disconnect the power. Lift off lid, remove old HEPA filter, discard and replace with new filter.

Cli-Mate Replacement Filter Product Code: CLI-API0-RF.

IMPORTANT

Unplug unit from outlet before adding fragrance or changing the filter.

Fig 1

Care & Cleaning

Before carrying out any maintenance or cleaning of the unit, make sure that the power to the unit is turned off and the power cord is removed from the unit and power socket.

EXTERNAL CLEANING OF UNIT

- Do not clean unit with any abrasive cleaning agents or solvents.
- Do not apply any water directly to the unit of cleaning.
- Only use a soft clean cloth for all cleaning purposes.
